## **CREDIT SCORE BOOST GUIDE**

## **HOW TO USE THIS DIGITAL GUIDE**

(All Links are clickable)

The goal of this guide is to boost your credit score in the next 45 days with just a few simple actions.

What many people do not know is that 85% of your credit score is how you manage your accounts and 15% of your score is how long you had credit.

### **Let me break it down:**

- 35% = Paying Your Bills On Time
- 30% = Your Credit Card Utilization
- 15% = How Long You Had Credit
- 10% = Types of Credit
- 10% = Inquiries.

So, if you're trying to guarantee that your credit score improves in the next 45 days, we need to add positive credit history with big limits!

This guide will not only do that for you but each item in this guide is guaranteed or very high approval rate. Yes! You will be automatically approved regardless of your credit past.

In the guide, you have two recommended merchant cards. The merchant cards work like a secured card, but you get a much larger limit and will help your credit score faster.

The way a secured card works is you make a deposit to the bank and they give you a card with the same limit as your deposit. So, if you deposit \$300, you get a \$300 limit.

That's a pretty decent strategy but it won't help your credit as much as getting a merchant card for \$99 (to join) and then buy a \$100 item, however you receive a **\$5000 limit**.

Remember, 30% of your credit score is your credit utilization. Bigger limits = Bigger score increase. You should get both merchant cards before you get the

recommended secured card. If you can only do one at a time, it's ok. The goal is to get both merchant cards as soon as you can to get the most significant benefit credit increase.

## **HOW TO GET ALL 3 OF YOUR CREDIT REPORTS AND SCORES FOR FREE**

**Warning!** We are not sure how long they will allow this, so make sure you take advantage while you still can.

Ok! So this is a trick that we just learned to get updated credit reports and all 3 scores for free, and I wanted to share with my Credit Deputies family and extended Credit Deputies family....

*The procedures is pretty simple, but make sure you follow it to a T!*

## **VENDOR 1**

**Step 1:** >> [Click Here](#) << and sign up for a \$1 trial

**Step 2:** Once you receive access to your reports save them to your computer or print them out

**Step 3:** Wait 4 days (set the alarm on your phone)

**Step 4:** Cancel the trial and get refunded your \$1

*The cool part is that you can do it twice! by just waiting 30 days and using a different provider (below)*

## **VENDOR 2**

**Step 1:** >> [Click Here](#) << sign up for a \$1 trial

**Step 2:** Once you receive access to your reports save them to your computer or print them out

**Step 3:** Wait 4 days (set the alarm on your phone)

**Step 4:** Cancel the trial and get refunded your \$1

*Unfortunately, these are the only two places that I've found that allow this. However, this gives you 2 updated credit reports for FREE if you follow my process above.*

**P.S.** If Vendor 1 doesn't work today just reverse the order and start with Vendor 2

*Now.... With that said, we still do not recommend you keep any of the credit reports you get from the two vendors above beyond the trial periods.*
